Re: CJ & Co, Builders and Decorators

Mr C Joannides' Company named above carried out an extension/conversion at the above address. The work involved, included converting the garage into a room and extending the side and top of the building.

We are extremely pleased and satisfied with the work carried out. Mr Joannides and his staff, were very professional, efficient and always punctual. They worked in a timely manner and maintained their deadlines.

We have received many compliments from friends and family who have seen our house turn from a building site to a lovely extended home. We would recommend CJ & Co, Builders and Decorators without any hesitation.

Following the completion of work carried out, we have obtained our 'Completion Certificate' from the council with glowing colours.

N. Kannas
