

2 Hillary Rise
Barnet,, Herts, EN5 5AZ
17th October 2005

To Whom It may Concern

We approach the builder C.J. & Co to carry our a small repair and renovation project in the garden of the property at 2 Hillary Rise, Barnet, in 2005. The project consists of rebuilding a boundary wall, repair and renovate the patio and flower beds of the garden. The task required 2 men power over a 10 day period.

Costa always kept an open mind and suggested workable solutions during the planning phase of the project. He is also very helpful in communication the necessary alternative schemes during the construction phase and made sure the work to be carried out to the required standard. His committed and hard working colleagues made sure the project to be completed according to schedule.

I trust Costa will provide the same service to any future projects.

Regards

Kin-wah Kwan
